

For your valentine . . .

YOU WILL NEED:

- 15 4.5" x 2.5" rectangles in assorted pastels (A)
- 6 2.5" squares in assorted pastels (B)
- 2 2-1/2" x 3" bright red print squares (C)
- 2 2-3/4" x 3-1/2" bright red print squares (D)
- 1 3-3/4" bright red print square (E)

Using a variety of pastel fabric pieces, build one row at a time, then sew all 6 rows together as shown. Use the Half-Heart templates below to cut 3-7 hearts as desired. Place them artistically around on the background

and anchor them in place with Stitch-Witchery, basting glue, etc. Place a piece of green ric-rac under each heart like a stem. Or you can satin stitch or applique stems in place. Use a zig-zag, blanket or decorative stitch to applique the hearts in place. You can vary the background by using a single colorway for background blocks. You can also adjust the heart sizes and number to suit your ideas. Press and starch well to 12-1/2" block size.
