### Construction:

- > Draw line diagonally on the back of each (D) square.
- > Place (D) square in corner of (A) rectangle and sew across the diagonal, trim outward corner away. Do the same on the other corner along that same long side. You have flying goose block D/A/D. Make 4 of these.
- > **Draw** line diagonally on the back of all squares E through M. **Pair** right sides together as follows:  
E to G J to L F to H K to M.
- > **Sew** each pair on either side of the diagonal line 1/4" away. **Cut** down the diagonal line to form 8 half-square triangle blocks (HST).
- > **Trim** larger HST blocks to 3.5" and the smaller HST blocks to 2.5" square.
- > Start with center unit and **sew** G/E - B - L/J and J/L - B - E/G units as shown above. **Join** them to C as shown above to make the center.
- > **Sew** C between the 2 previous units to make center.
- > Sew D-A-D units on left and right as shown.
- > Construct Row 1 with M/K - D/A/D - H/F units.
- > Construct Row 2 with F/H - D/A/D - K/M units.
- > Sew Row 1 to Center, and Center to Row 2 as shown.
- > Steam press to 12-1/2" and STARCH.
