

**HSV QUILT GUILD, INC.**  
**2021 BLOCK OF THE MONTH**  
**JANUARY**

Our block of the month program for 2021 will be 12 randomly chosen blocks from the Moda 30 day Stitch Pink quilt along. All of the blocks are 12-1/2 inches sewn and 12" finished. The blocks can be accessed in the Moda archives at: <https://my.modafabrics.com/tags/stitch-pink>. A lot of helpful tutorials and information about the blocks in this stitch along may be found by searching for "Moda Stitch Pink."

This month's block is block 17. Here is a link to the pattern for the block, which was designed by Carrie Nelson. [https://my.modafabrics.com/webfiles/fp\\_stitch-pink2020\\_17\\_casablanca.pdf](https://my.modafabrics.com/webfiles/fp_stitch-pink2020_17_casablanca.pdf)

The only helpful hint I have for this block is that, instead of using triangles to make the A/B half square triangle units as instructed in the pattern, I cut 4 squares each of fabrics A and B at 3-3/4". I drew a line down the center of the lighter color, paired the squares, sewed 1/4" on either side of the drawn line, and cut on the drawn line. I trimmed the resulting half square triangles to 3-1/4 inches as instructed.

My block looks like this:
