Trunk Show: The World of Tilda

Presented by Quilted Chicken

If you are a fan or have never heard of Tilda fabrics from Norwegian Designer Tone Finnanger, you are sure to enjoy this collection of quilts and pillows. We will have projects from new and previous lines that showcase a range of color and piecing skills. Kits and bundles will be available. We will talk about how the same pattern changes with color value and give some tips on utilizing the free patterns from Tilda.
