Trunk Show & Workshop

Splice Magic

with Tiffany Hayes, Needle in a Hayes Stack

Class: \$30 — Limit 20 participants

As we are all looking for easier, innovative ways to produce beautiful quilts in limited time, Tiffany Hayes of 'Needle in a Hayes Stack' has created a quick-piecing and unique cutting technique to create half square triangle blocks. We call this original technique: "Splice Magic". Together with Kristie J. Smith, Stitchin' Heaven, and a host of friends, this book will introduce you to Tiffany's technique and numerous projects to utilize the blocks. The possibilities are endless, but we hope that the sampling of quilts in this book will inspire you to create beautiful quilts of your own. Enjoy!

Supplies needed: One 5" charm pack, or 42 squares of color fabric & 42 squares of background color. **Machine and basic sewing supplies.**

I am Tiffany Hayes, a quilter who recently moved to East Texas (born and raised in Southern California) who got my quilting start a long, long time ago. I create quilt patterns to work with fabrics in the newest fabric lines. My quilt designs can be found on my website, in fabric stores, catalogs and even in magazines. I create the quilt patterns and my husband, Scott, creates the digital quilting designs to enhance the piecing. Scott then does the quilting on many of our quilts. We make a great team; I piece and he quilts! We have traveled and taught many quilters, ranging from large conferences to quilt stores to cruise ships. I have created quilting tools such as: The Goddess Tool, The 60 Degree Triangle Tool and The 90 Degree Triangle Tool. I have even co-authored a book called Splice Magic. I love to create and share all things quilting!
